ASDO's 23rd Annual Aviation Networking Conference

New Jersey Air Services Development Office brings opportunities to businesses surrounding the airports by matching the needs of aviation industry buyers at Newark Liberty and Teterboro Airports with the expertise of area businesses in Bergen, Essex, Hudson and Union Counties.

This 23rd annual "reverse" trade show has aviation industry buyers and purchasing agents staff tables, while vendors and service suppliers visit and share information on products and services that are available locally.

Complimentary continental breakfast and parking will be hosted by the **Garden State Food Group**, located in the **Ramada Plaza Hotel**. The event is entirely free of charge but registration is required.

Airline and aviation service participants only need a generous supply of business cards, contact information, promotional items for your table and any current procurement notices . A private luncheon for airport industry participants will immediately follow the event. We hope you will join us again this year. We look forward to welcoming you. Please let us know in advance if you will require access to a power source. Pre-register today with the following information:
