MWBE/SDVOB/LBE EVENT

AirTrain Newark General Construction Services RFQ Forum

Tuesday, January 10, 2023

Time: 10:30AM-11:30AM

As part of the Port Authority of New York and New Jersey's ongoing commitment to modernizing Newark Liberty International Airport, the agency recently issued a [Request for Qualifications](#) (RFQ) for General Construction Services on a Work Order Basis to enable and facilitate the new AirTrain construction. We are seeking to maximize participation at every phase of the program.

Join us to learn about the project's overview and how to participate through each phase of the AirTrain Newark Replacement Program.
