Virtual Early Works Meet & Engage Pile Testing & General Site Work Phase 1:

Tuesday, January 9th | 2:00PM - 3:30PM | [Please Register HERE](#)

As part of the Port Authority's multi-phase procurement process for the AirTrain Newark Replacement Program, this event for local and/or MWBEs will introduce you to the participating primes, scopes of work, and identify next steps for the EWR-154.940G (Pile Testing) & EWR-154.940F (General Site Work Phase 1) solicitations.

We invite firms in the following categories of work:

General Conditions:

- Site survey, temporary fencing

Maintenance of Traffic:

- Traffic signage, MOT set-up, removal

Civil:

- Removal and restoration of pavement; utility investigation (test pits, etc.)
- Site clearing (tree and stump removal, etc.)

Electrical:

- Light pole and wiring removal

Electronics:

- Communication cable removal

Environmental:

- Silt fence installation/removal, soil disposal
